MORE DISCUSSION OF HONOR SYSTEM

HONOR COMMITTEE MAKES REPORT. STRAW VOTE SHOWS MAJORITY OF STUDENTS IN FAVOR OF IT

FINAL ACTION WILL BE TAKEN IN THE NEAR FUTURE

Thursday the 20th, the Honor System was again discussed during Student Assembly hour. Mr. Thompson, chairman of the committee, which was chosen the week before to consider the situation, gave the report of the committee. His report was to the effect that a class room honor system, in their opinion, was the most practical. The committee also suggested a plan, in effect as follows: That all students be placed upon their honor to refrain from cheating during examinations; that any student seen cheating should be warned by those seeing him cheating that he had been seen, and to report before the honor committee.

There followed active discussion in which several amendments were proposed to the plan, none of which were adopted. No action was taken regarding Mr. Thompson's suggestion except to refer it back to his committee for further consideration.

The Dean pointed out that a pure honor system, that is, one making no provision for punishment, is what every criminal wants. An honor system, to be practical, must be restricted—while granting freedom, it must provide for immediate punishment if that freedom be violated.

A straw vote was taken to determine how many were in favor of some form of a restricted honor system. There were ninety-six for, and thirty-three against, such a system. The meeting adjourned, and the question will be taken up more fully on the twenty-seventh.

INTER-FRATERNITY COUNCIL IS FORMED

Warren Ingram Elected President of New Organization

The first meeting of the new Interfraternity council was held in the president's office last Thursday night.

Warren Ingram was elected to head the new organization and he is without doubt the ideal man for the position on account of his wide experience among the fraternities at Rollins. "Grub" has always been very active in fraternity circles and he deserves a lot of credit for his work.

This organization is patterned after the old Pan-Hellenic Association. The constitution is practically the same and the standard of scholarship is to be the same. Men must obtain an average of eighty per cent for three consecutive months before initiation.

A formal withdrawal was drawn up and presented to the two sororities, who will no doubt continue the present Pan-Hellenic organization.

Pledge day was changed to October 25th and later a new pledge day will be made for the coming years.

Rollins has long needed this new organization as it has been evident that sometime or other the boys and girls would be in a position to manage their own affairs, as is now the case.

NEW PRESIDENT CLOVERLEAF

Miss Edna Wallace was elected House President of Cloverleaf for the ensuing year at the recent election. A long and popular leadership is predicted for Miss Wallace; not only is she well liked but also has much ability.

FIRST TIME TARS HAVE DEFEATED STETSON CREW IN MANY YEARS. BLUE AND GOLD GOAL NEVER IN DANGER

SCHLICTER'S MEN USED ALL PLAIN FOOTBALL TACTICS, WHILE PUG ALLEN'S WARRIORS USED EVERYTHING THEY HAD.

The story goes that there was once an old geek by the name of Caesar, who with his gang went out for a game with some bunch from the College of Hard Knocks. Now Caesar had a good team and when they tramped all over the College of Hard Knocks for 37 points in a game of knock 'em stiff he sent home the following dope—"Veni, Vidi, Vici."

So it was with the Stetson Hatters Saturday. They thought that they had the number of Coach Schlichter's pigskin chasers but nay, nay Pauline, it was far from that. Old Rollins trumped all over the Hatters and when the final whistle had blown the score stood 13 to 0 in Rollins' favor, and Captain Wright burned the wires with that same old "Vini, Vidi, Vici" stuff.

It was a real game from the very start with the best playing and interference ever seen on the DeLand field. Even "Pug" Allen said that it was wonderful.

Here is the complete dope on how old Rollins kept rolling along.

Rollins Takes Fall Out of Stetson

The first period started out with Stetson receiving the ball on their ten-yard line. Starting out with the famous Minnesota Shift the Hatters made things warm for the Tars during the first few minutes of the game. Two first downs were made in rapid succession by the Hatters after which the Tars held for downs. With the ball in Rollins' territory the Tars, by a series of end runs and bucks, put the ball on the Hatters' thirty-yard line. The first play, a long end run by Thomas, brought the ball within striking distance of the goal, but an off side play by Rollins caused a five-yard penalty putting the ball on Stetson's ten-yard line.

Two bucks by Dow and Thomas put the ball across the goal line for the first marker of the game. Thomas missed the goal. On the kick-off Davis received the ball on Stetson's five-yard line and aided with wonderful interference returned the kick-off twenty-five yards. Two end runs and a pass failed to gain ground for the Hatters and Davis punted to Rollins' thirty-yard line. Colado made a great return of fifteen yards of the punt and on the next play Teare went through the line for three yards. On a buck through center Thomas seven yards and first down. An end run netted Rollins fifteen yards and first down again.

Rollins 6; Stetson 0.

Second Quarter

With the ball on Stetson's twenty-five yard line the Hatters held the Tars, getting the ball on their own seventeen-yard line. Hughes on a criss-cross took the ball for seven yards while Davis lost three on an end run. Rased tried a buck through tackle netting the Hatters' first down on the twenty-seven-yard line. On the next play Hughes, after being viciously tackled by Bender, dropped the ball, Rollins recovering on Stetson's thirty-yard line. A buck by Thomas netted the Tars three yards, Dow going through tackle for six. On the next play Thomas injured his leg, being replaced by Griffith.

Dow gained three through center, Griffith making it first down on an end run. Wright made ten off tackle on a shift play, placing the ball on the Hatters' fifteen-yard line. End of first half.

Score: Rollins 6; Stetson 0.

Third Quarter

Stetson kicked to Colado on Rollins' five-yard line a return of fifteen yards

THE FIGHTING SPIRIT

Fighting, and fighting hard, from the opening of a game until the referee's whistle ends the last play has been characteristic of the Rollins football team this year. Though outweighed heavily in each game this season, they have plunged in, never given up, and hung on with a bull dog grip.

This trait has always stood out in Rollins Athletics. At times the teams have been mismanaged or composed of seemingly poor material yet that "never say die" spirit always made them dangerous opponents in a game. But whenever good material was combined with that "Will to Win," championship teams were produced that swept everything before them.

Fortune is smiling now and the old college again seems to be approaching golden years of success. Thanks to Bob Wright, Smith Fletcher and other old-time football material was steared our way that already has defeated Stetson, our ancient enemy on the gridiron, for the first time in many, many years. Basketball material is coming on as well, while on the diamond Rollins is going to keep right in the stride she hit last year and annex another state championship.

In view of all this one cannot help but boost their college and the future looks bright. "Nothing succeeds like success" is a known proverb and Rollins will grow stronger every year by the very strength of the previous years. The fighting spirit started Rollins in a wilderness of oak and palm: it is a natural heritage coming down to our men on the teams, and it is going to make Rollins the greatest little school in the country. "Stick to it."

WHY I CAME TO COLLEGE

By a Member of The Freshman Class

I feel that "A Father's and Mother's Ambition" should be the title of this theme. I can never repay my parents for their sacrifice during my four years at college unless it be in fully carrying out their hopes for me.

Theoretically, my college days date back to the time when my father, a young man struggling for a start in life, swore that his children should have all the advantages that he had lacked—to the time when my mother dreamed and planned my future for me. So, why should I ask myself why I came to college.

But it takes more than a parent's ambition to start a young person on a college career. The youth of the world must feel for itself the desire for a college education and the need of it.

The desire for college came naturally to me because of the hopes my parents cherished, but the realization of the necessity of college did not come until the night of my graduation from High School. Some of my girl friends; in fact, a majority of them, were having that night what might be called their last school experience. As they stood up to receive their diplomas, they got a glimpse into the future—the future in which they would receive no more education. As I thought of this, I realized how unprepared they were and with what a sense of uncertainty I should face the future if I were put in their places. At that moment, I found the reason I have for coming to college—the need of a thorough education as a preparation for life. The beginning of this had been acquired in High School, but only the beginning. Thus my desire, inherited from my parents, and the realization of my need have brought me to college.

Dean: Why, Mr. Podmore, I'd have named that boy William Dean.

Prof. Podmore: How's that?

Dean: Because he Hewells.

K. E. KICKS

Kappa Epsilon announces Mrs. C. W. Temple as an honorary member.

Fifteen rubs for Fluffy at the station Friday night. She has just arrived from Converse College, Spartanburg, S. C. Fluffy says no snow for hers.

Helen left Sunday for Chattanooga, Tenn., to attend the Union of the Confederate Veterans. Helen was labeled Maid of Honor to the Florida Sponsor.

All the K. E.'s were at the Rollins-Stetson game Saturday.

The girls miss Mildred Kennedy and wish her a speedy recovery. Mildred is at home recuperating.

A letter from Mary Knoske, who is attending Wittenburg University in Springfield, Ohio, says that she has just gone through final initiation and is now a member of Alpha Delta Phi. Mary struts her stuff with bobbed hair now.

Flo's birthday rolled around Wednesday. Several surprises also came for her. Ask little Eva or Kathleen.

K. Es wish to thank Harry Wendler for the new sign—"Kappa Epsilon." We are very proud of it.

Adelaide Colado and Ada McKay from Tampa were visitors at the house last week-end.

Flo and Fluffy ushered two Orlando salesmen and a new Brunswick in the House Monday afternoon. Everybody's turned into regular dancin' fools.

Lounge Lizards and Tea Hounds, attention! Miss Lizzie struts around K. E. House every evening after supper until study hour. Beware!

Jack Teare is a real quiet Pledge, but we think he's getting plenty of pettin' on the side.

We'll just let the College know that Max Sloan and Kitty Barnes are "officially" engaged. People might talk you know, especially as Max and Kitty are seen in "close" company often. This will serve as an explanation.

We hear the Phi Alpha's talking about Pledge Podmore, Jr. Right here we want to show out our chests and say, "Yeah! Look at Fletcher, Jr., Kart, Jr., and Caldwell, Jr. We'll suggest that Phi Alpha combine with us in forming a fraternity kindergarden.

SIGMA PHI NOTES

The Sigma Phi Sorority extends a hearty welcome to the Tau Lambda Delta Fraternity.

Birthday cakes at the house have been rather numerous—who's next? (It's been around twice now.)

We are pleased to announce that Fanny Barnes has made a most marvelous contribution to the Sigma Phi library.

"Izzie," we know you're coming soon, but please do hurry.

Sigma Phi has not yet been able to find a remedy that will quiet Charlotte when she gets those "Jazzy pianny blues."

Lydna Conard and Edwina Parkinson spent a most delightful week end with school mates at Cathedral.

We are sorry to say that Margaret Bencini has been called home a number of times because of the illness of her mother.

MRS. TEMPLE GIVES LARGE BANNER TO COLLEGE

A beautiful gift in the form of a large gold and blue banner was presented to the college Friday, October 21, by Mrs. C. W. Temple of Winter Park. Gold letters eighteen inches high, spelling out ROLLINS are mounted on a field of blue felt nine feet long and six feet wide. At the presentation in the dining hall by one of the students in the name of the donor, fifteen cheers were given for Mrs. Temple, who has long been an invaluable friend to the college.

Saturday the Banner held the center of the Rollins cheering section at Stetson and gave inspiration to the battling gold and blue warriors. May it wave over many more as glorious victories for Old Rollins in the years to come.

MRS. KART GIVES TEA

Last Tuesday afternoon Mrs. H. C. Kart delightfully entertained at her home "Cloister Grove" in honor of the Kappa Epsilon girls.

Those receiving the guests were Mrs. Kart, Mrs. Arthur Schultz and Florence Bumby. During the afternoon delicious refreshments were served.

Those present from the college were Mildred Cooper, Priscilla Toomer, Lucy Shreve, Genette Keeley, Dorothy Grey, Bessie Coulson, Bertha Phiel, Eva Missildine, Margaret and Helen McKay, Dorothy Darrow and Florence Bumby.

THE FREEMAN PARTY

Miss Wilhelmina Freeman entertained a few of her friends at her home on Lake Osceola Friday evening, October 22nd.

The time was pleasantly spent in dancing and delicious refreshments were served during the evening.

The chaperones for the occasion were Mr. and Mrs. Freeman and Miss Barrett.

K. E. SUNRISE BREAKFAST PARTY

Girls, how do you enjoy being "pulled out" at the break o' day?

Well, last Wednesday eve "Miss Darry" stayed in Cloverleaf in order to get the gang up in time. At the sound of "Little Ben" may be some of us wished the alarm hadn't been set, but in the course of time we woke up and after dressing ourselves as quickly as possible, rushed down to the boathouse where girls, fuel, and —last but not least—eats were piled into a war canoe.

We then paddled across the lake. Were the eats good? I'll say they and cooked breakfast as the sun rose, were! We all ate and then ate some more. Everybody seemed to like bacon!!!. The coffee boiled over and there was a mighty scramble—but what's that in our young lives?

The only trouble was that time for classes came too soon and we had to leave our feasting and singing. The party was voted a great success and the guests separated at Cloverleaf after giving many hearty cheers for old K. E.

ATTENSHUN!

Get that prize!

Sh-h, what is it? But you heard the announcement in chapel last Tuesday morn, so bedeck your being with the brilliant spangles you possess or can acquire, and gather your courage for the g-grand promenade on the mysterious eve of the whippenpoofs. In other words, make sure to be present at the big masquerade this Saturday eve.

Along with the soulful syncopation there will be a moonlight waltz. Maybe this is not the time of the full moons, but never worry about that, we'll manage for a moon. Not only that, but we have a few more surprises that'll strike you.

Yes, people this is to be one more masquerade, and we will be darn right glad to see you!

LAKESIDE

Owing to sickness Mr. John Tuller was obliged to go home. Tough luck; the gang misses John.

The gang turned out 100 per cent to see the game at Stetson.

While in Orlando the other day, some kind, loving soul bought the gang some new records, of which they were very much in need.

Mr. Frank Gaylord called on the "Dean" Tuesday, and reports that the "Dean" is a fully good fellow.

Sr. Manuel Hernandez is to be the "nascent" of Lakeside this year. And he says that if the gang don't behave he will resign.

The Misses Race, Wells and Bishll and the Messrs. Wendler and Leppert went sailing the other afternoon and report a fine time.

The Messrs. Gaylord, Warner and Taylor traveled to DeLand in their new twin six.

Lakeside organized a band of five (5) pieces and all is going well. The leader, Mr. Tuller, plays the violin.

Mr. Gaylord reports that business has taken a slump, and that he don't make enough to keep him in "Miles" these hard times.

Prof. Campbell and Miss Cooper enjoyed an afternoon fishing on the lake last week.

Here Is a Real Alumnus of Old Rollins

John P. Bryan, of Palatka, saw the Blue and Gold tramp all over the Hatters Saturday and this is what he has to say about the slaughter:

Palatka, Fla., Oct. 24, 1921.

Captain:

Did Old Rollins romp on 'em last Saturday? 13 to 0 looks mighty good on paper, but I know it looked heaps better in the making.

Poor Stetson. Those fellows are hard fighters, and I am sure that game was worth ten shining plunks of anybody's kale, especially if he had ever attended Rollins. Your quarterback must be a crackerjack and Eddie Dow is surely there on line bucks, but team work, something Rollins has not had in any great quantity before, seems to have been your winning factor last Saturday.

With sincerest wishes for the team's future, I am,

Yours truly,
JOHN P. BRYAN.

CLOVERLEAF CLAMOR

Extra! Extra! Cloverleaf quiet until 9:30 on Sunday morning! Recreation from lugging home that 13 to 0, but don't you forget it, we don't regret it!

Speaking of Lou's so-called future home, we all wonder if she expects to reach that home on high. After watching Lou in DeLand we wonder that; but if Brother Aaron can cop Goofie's flivver again maybe he'll get her there.

A Cloverleaf inmate was wandering around the other day looking for a long yard stick. We trust you found it, "Ted." The animals in the zoo on third floor will appreciate any kind of nuts, they say. They have an extensive establishment up there, but they are really quite tame, mostly of the long-haired variety and the manager has obtained for special exhibitions two Lyons from the second floor. There are no Hot Dogs there, Jeannette, so you can rest easy. One specimen from Kentucky was a little hoarse last week and created anxiety on the part of the manager. Here's to Cloverleaf Zoo! It has been suggested that Rebecca change the name of her domicile from Seldom Inn to Never Inn. 57 varieties of fudge-fixers keep the aroma rising in all parts of the dorm.

Marcia Converse was hostess to her sister, Mrs. F. C. Thompson from Frostproof, and Miss Zella Cody last week.

Y. W. C. A. MEETING

The first of a series of Y. W. C. A. inspirational meetings was held in Cloverleaf Parlors Tuesday, October 16 after dinner. The general topic for the year's meetings is taken from a little book by Alexander C. Purdy, entitled "The Way of Christ." The meeting last week was led by Edna Wallace and the first topic of the series was discussed—The Set of a Life. The meeting was opened to discussion and many took part in making it a very helpful and successful meeting.

LIBRARY NOTES

Dean Luther Pardee has presented to the Library about twenty valuable and useful books, on subjects ranging over a wide field. Among them are handsome copies of Dante's Purgatory and Paradise, and The Inferno, illustrated by Dore, Goethe's Faust, and Munyan's Pilgrim's Progress. There are two books on Basketry, several on the Delsarte System, and four copies of a very good collection of songs.

Through the instrumentality of Mrs. Hiram Byrd, of Oxford, Fla., and a former student at Rollins, the Library has come into possession of a beautifully bound edition of Balzac in thirty volumes, translated into English by Katharine Prescott Wormeley and published by the Athenaeum Society.

Preliminary Water Meet to be Held Next Monday

For the last few years we have held the supremacy in water sports for Florida and especially this last year when we had an aquatic team that showed up everybody they went up against. In fact they showed a boggish spirit as their opponents only got one-half a point in four different meets.

The boys' side of the water sports looks even better than last year with all the old time stars back except for Dick Rogers and Bob Brooks. However, the new material will easily fill their places and add a lot of new strength. Right now as far as advance notices go Ken Sutherland seems to be the big bug as to swimming. He has had loads of experience and is faster than Charlie Speer and all the old birds know that that is going some.

The old timers of the War Canoe Crew are rarin' to ride and as so many of the old timers are back it looks as if Mr. Dora will have to shell out some more cups.

Everyone knows that the girls aren't getting grey hairs worrying over their side of the business, for with Bertha Phell and Besse Irwin ready to go things are setting pretty.

There is no one in the state capable of showing their heels to those two and it would be some race between them if they ever get together. However, Bertha will cover the short distance and Besse will win the longer ones. However, there is loads of material back of them and the girls' War Canoe Crew is evidently going in hard so as to clean up the boys again **this year.** No cutting across the bow this time ,though.

Last and most important is the Southeastern Water Meet to be held here and, as everyone knows, that that is the big thing in aquatics in the South. Rollins' chances look unusually bright right here and great things are being expected from us.

Several college regattas are being planned and everyone wants to get back of the officials and make them as successful as last year and even more so.

And, by the way. Don't forget the High School Water Meet as that is one of the red letter events of the school year. Movies 'n everything, you know.

ROLLINS TACKLING ORLANDO SATURDAY AFTERNOON

Rollins will again take to the gridiron and defend her banner when she meets the strong Legion team in Orlando Saturday. This is the second game with them and this time the Tars expect to add a victory to their credit by a wide margin.

The first game, played was a tie game but the team that will take on the Legionnaires Saturday will be different from the one that met them October 1st. With the victory over "John B. Stetson last week the boys are confident of repeating their act Friday. Yet the team must have support, and it is expected that all the Tars' rooters will turn out for the game and cheer their team to victory.

SPARRELL SQEEKS

Does one need an electric toaster to make cinnamon toast? If you think so, ask some of the girls that congregated around a flat iron Sunday night (and Irene Feaster).

Pat Marine and Irene Feaster are recuperating from the effects of being locked up for the first time in their sweet young lives.

Marion Hines wishes to warn neighbors about keeping their shades DOWN.

A stray human suggests that we mention OUR glee club. It is still manifesting as much glee as usual—thank you. All suggestions gratefully received.

"Jerry" is nursing a bruised nose due to the fact her nose has been close to her Geom book for the past three days.

Sparrell wishes to say that they enjoyed THE game. Our majority and Miss Davy watched the team plow through Stetson.

Miss Davy—Martha, do you ever sweep under your bed?

Martha—Why yes, I sweep everything under it.

being made. Two end runs made it first down for the Tars. On the next play Teare went through the line for six yards while Colado repeated for first down. Stetson fighting hard held the Tars for two downs, but slipped on the third when an end run by Thomas netted Rollins fifteen yards.

With the ball on Stetson's ten-yard line a series of bucks put the ball on the four-yard line from which point Dow bucked it over for the second marker of the game.

Thomas kicked the goal making the score stand 13 to 0.

Rollins kicked to Stetson, the kick being returned ten yards before Leslie downed. At this time the Hatters opened up with forward passes the first two netting them forty yards.

Rollins broke up the succeeding passes, Bender intercepting one and returning the ball forty yards before being downed by Leslie. On account of the referee's whistle being blown as the pass was being made the ball was brought back. A line buck netted the Hatters nothing, the ball going to Rollins on Stetson's forty-yard line. Quarter ended, Rollins 13; Stetson 0.

Ledinsky replaced Teare at right half for Rollins. On the first play Ledinsky carried the ball for five through tackle. Dow made two through guard, Thomas going around end for first down. Colado made six on a fake through center, Stetson smearing the next play for a three-yard loss. Dow carried the ball five yards, Thomas punting to the Hatters' ten-yard line.

Stetson tried more passes without completing one, kicking on the third down to Rollins' forty-five-yard line.

With the ball on Stetson's ten-yard line the whistle blew with the ball in possession of the Tars.

For Rollins the whole team played a wonderful game, each man doing his bit in wonderful style. Thomas with the aid of great interference tore off many runs while Wright made two pretty ones the short time he was in. Dow and Teare made things look sad when they started out in line bucking. Our line played a wonderful game with Silsby and Bender doing great stuff, and Colado at quarter handled the team like a veteran of many seasons with the right play ready at the right time.

Two Kinds Of Stores

WHICH IS YOURS?

One kind of store is concerned with pleasing you with prices; quality is sacrificed to make the prices more alluring.

The other kind of store is concerned with pleasing you with fine quality. It sells good clothes for as little as possible, but it never lowers its quality standards. It knows that good merchandise properly sold is always economy.

This is our kind of a store. Which is yours?

are going to attempt to throw a dance this Saturday night over between the two boys' Dorms. One of the many attractions will be the exhibition of Sassie's and Fred's snow-white pet "Foam." It is rumored that this will be the last chance to get a peep at this wild "animule" as we are going to hold target practice with our naval canons Sunday at sunrise.

Our Own Little Joke

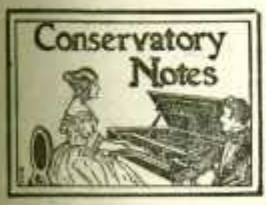
Red—Romeo, when are you going to win that Race?

Bill—We're on the last laps now.

NEW FRATERNITY ORGANIZED AT ROLLINS

A new Greek Letter Fraternity has entered the field, the Tau Lambda Delta. This Fraternity has as its outstanding purpose promotion of the best interests of Rollins College, and the members trust that they will be accorded the good will and co-operation of the entire student body in their efforts toward furthering the common cause. The present membership is as follows:

Thomas P. Caldwell.
Odell Stivender.
Raymond F. Thayer.
Paul Potter.
John Stevens.
L. Biehl.
Herbert Thayer.
Aaron F. Shreve.
Richard Potter.
Maurice A. Whelden.



CONSERVATORY NOTES

Rollins Conservatory Club Organized
Margaret Bell Returns to Tampa

The Rollins Conservatory Club, under the direction of Miss Dyer, was organized on the evening of October 5th at a meeting held in the Pinehurst parlors. Miss Edna Wallace was appointed chairman of the meeting. The report of the Constitution Committee was read and the Constitution adopted. After an interesting and delightful talk by Mrs. James Hirsch, of Maitland, nominations were in order and the following officers were elected: Edna Wallace, president; Leoel Rice, vice-president; Elsie Stewert, secretary; Nez Wells, treasurer. The colors adopted were grey and old rose, and the flower the oleander. Much enthusiasm and pep was shown by the girls and without doubt the Conservatory Club will be one of the livest organizations on the campus.

We are all sorry that Margaret Bell has found it necessary to return to her home in Tampa, and especially do the Conservatory girls miss her presence on third floor.

Kate Hadsell Returns From Visit

Kate Hadsell returned from a week's visit at her home in Wauchula on the 4 o'clock train Monday. It is again great to see Kate around the Conservatory.

"Crowd 'Em Inn" Scene of Gay Feast

Miss Rose Kanner, of Orlando, was the guest of Peggy Race and Nez Wells last Thursday evening. Again "Crowd 'Em Inn" was the scene of gaity and good eats.

Girls' Glee Club Held First Rehearsal

The Girls' Glee Club held its first rehearsal last Thursday afternoon in Pinehurst. The first of the meeting was turned over to Manager "Jimmie James," who explained the necessity of electing a new secretary. Lucy Shrieve was the prominent business woman to receive the honor of secretaryship at the election. Now it's "hunt and peck 'em" for poor Lou because the girls must travel this year.

CHASE HALL CHATTELL

Most all the fellows in Chase had the pleasure of seeing Rollins wipe out the Hater's camp Saturday afternoon. Some of the modes of transportation were very indefinite, but they all got there just the same. Ask Ray.

The lake has strange attraction for some certain fellows on those beautiful moonlight nights of last week.

The Chase Hall fellows wish to extend congratulations to the "Tau Lambda Delta" which was recently organized at Rollins. Most of its members are Chase Hall men.

Soupey is still being the "mother" of—2 rooms?

Chase Hall is anticipating a huge time at the Phi Alpha strut next Saturday night. Some novel costumes are being originated and it is expected we will take the cake on our makeups.

NOMINATIONS FOR OFFICERS AND MANAGERS OF STUDENT ASSOCIATION

Nominations for the officers and managers of the Student Association were closed at midnight Tuesday night, October 18th. Up until that time, the following had been nominated to the respective offices as indicated:

For President: Warren Ingram.

For Vice-President: Ruth Waldron, Helen McKay.

For Baseball Manager: Rex Holiday, "Goof" Boyle.

For Basketball Manager: Guy Colado.

For Swimming Team Manager: Kenneth Sutherland.

For Tennis Manager: Campbell Thompson.

For Manager, Girls' Basketball Team: Emily Rerick, Florence Bundy.

These nominees will be voted upon at Thursday Assembly, October 27.

HEARD IN THE BEANERY

Head of Table: "Hurry up now, fellows, it will soon be 8:15."

From the other end of the table: "Who ate fifteen?"

Yess, Yes, Go On

There was a young co-ed named Mat,
Who was exceedingly heavy and fat.
When she walked she waddled,
When she talked she toddled,
And shook the whole earth when she sat. —Ex.

Ouch!

"You don't expect to catch any fish with that pin?" asked Johnnie's new brother-in-law.

"Well, it ought to be done—my sister caught you with a mere spoon."

No Doubt

John did not walk very straight when he turned his steps homeward, and when he arrived he saw the towering form of his wife over him.

"Drunk again," she said caustically.

"Hooray, m' dear," he replied cheerfully, "So 'm I."—Sun Dial.

Made To FIT

CONDITIONS that alter the fit of an ordinary cap do not affect the "Sure-Fit."

After a rain or a hair-cut, for motoring or in a wind—"Sure-Fit" responds to the patented strap with the little invisible buckle.

It is loosened or tightened like a trouser belt, which keeps it from ever being too tight or too loose.

Strap invisible when worn

"Sure-Fit Caps" are made in all colors, fabrics and shapes. They are popularly priced.
